Overall Experience and Capstones
Chris

- Hired to expand library support for open education
- Began SPARC program 2-months after starting at Gettysburg College in July 2018
- Only librarian from a liberal arts college in pilot cohort
Key Questions

○ What is different about supporting OER in the context of a liberal arts college?

○ What is the level of awareness and support for OER among faculty and administrators at Gettysburg?

○ How many Gettysburg faculty were interested in or already using OER?
Open @ Gettysburg

- Active OA/OER advocacy and outreach by library since 2012
- *The Cupola: Scholarship at Gettysburg College*
- ~10 faculty used/using OER or zero-cost resources
- 50 Open VIPs among faculty
Beyond Intro OER

- Faculty already adopting OpenStax and OpenIntro textbooks
- No obvious OER available for many non-intro courses
- No formal support for faculty adapting or creating OER
Capstone Project

- Design a pilot OER grant program suitable to Gettysburg College
- Provide support mainly for courses beyond intro level
- Focus on adaptation and creation
- Mentor: Sarah Hare, Indiana University (Davidson College)

Capstone Project (Part 1):

Worked with colleagues from the Library, Teaching & Learning Centre (TLC) and Simon Fraser Student Society (SFSS) to establish a new OER working group on campus.

Establishing an OER Working Group on campus
Hope

Capstone Project (Part 2):
Collaborated with working group members to develop programming to highlight, celebrate and build on OER successes achieved at our institution to date

Organizing a community event to highlight OER initiatives on campus
