Open Access – What’s New in the Sciences?

In advance:

- For fun: Take the OA Quiz (9 questions): How much do you know about open access? Quiz
- Read: Peer review, preprints and the speed of science (The Guardian, 9/7/15)
- Explore: Please take 10 minutes to explore your assigned tool. Some questions to consider:
  - What subjects does this cover?
  - What is the funding model? Are there author-facing charges?
  - Do you know of faculty research in your area that might be a good fit for this publishing platform?
- Tools to review:
  - Peer J (Donna)
  - eLife (Janelle)
  - bioRxiv (Meggan)
  - RIO Journal (Clint)

Agenda:

- New author readership maps in The Cupola (and how they differ from the live readership map)
- Share information about the tool you reviewed
- Discussion about OA in the sciences – anything from global trends to local practice is fair game
